PROFESSIONAL SUMMARY

MBA Finance candidate with experience in multi-asset analysis, portfolio construction, and valuation. Ex-Nasdaq Capital Markets Engineer skilled in DCF/FCFE, technical analysis, derivatives, and risk-hedging. For the past four years, I have helped businesses and HNIs grow through freelance consultancy and wealth-management support. I bring a strong analytical and data-driven approach across Portfolio Management, Asset Management, and Private Wealth Management.

WORK EXPERIENCE

Freelance
Wealth Manager — *July 2022 to Present*

- Advised businesses and HNIs through tailored consultancy and wealth-management support, contributing to measurable growth in capital efficiency and portfolio performance.
- Applied strong analytical and data-driven methods across portfolio management, asset allocation, and risk optimization.

Finlatics
Capital Markets Associate - Internship — *Aug 2025 to Oct 2025*

- Applied technical analysis and pattern recognition to evaluate price trends and identify high-conviction stock ideas for model portfolios.
- Executed derivative case studies involving portfolio risk analysis, option strategy design, and hedging optimisation. Performed valuation using DCF (FCFE), CAPM, and sensitivity analysis to support data-driven investment decisions.
- Completed asset allocation and portfolio performance projects, strengthening practical skills in multi-asset portfolio construction and risk management.

NASDAQ
Software Engineer- Capital Market — *May 2022 to Aug 2023*

- Built and maintained capital-markets applications (Java, automation) supporting trading, risk, and multi-asset operations across equities, commodities, IRD, CRD, and FX.
- Improved delivery timelines by 15% through Agile collaboration using Jira and Git, reinforcing strong quantitative and analytical discipline.
- Worked extensively on Calypso with exposure to front-office, risk, and derivatives workflows relevant to valuation, hedging, and portfolio risk management.
- Analyzed large datasets using Oracle/MySQL and performed efficient debugging to diagnose issues and optimize system performance for higher accuracy and reliability.

LEADERSHIP EXPERIENCE

U&I (NGO) — **Mumbai**
Event Management, Fundraising Manager, Teaching — *May 2019 to Jun 2025*

- Led event operations by managing logistics and volunteer teams, while also contributing to fundraising and community-engagement initiatives.
- Served as a teacher, delivering educational support to underprivileged children.
- Worked with several NGOs over the past five years in diverse roles spanning teaching, organizing events, and operational support.

PROJECT EXPERIENCE

J.P. Morgan Investment Banking Simulation
M&A Deal Analyst — *Sep 2025*

- Identified an optimal M&A target by assessing strategic fit, financials, and industry positioning.
- Built a DCF valuation model with scenario adjustments for competitor bids and supply-chain disruptions.
- Prepared a concise 2-page client brief summarizing the company profile, valuation insights, and auction-process highlights

ACADEMIC PROJECT

Python Project — *Nov 2025*

- Applied Linear, Multivariate & Logistic Regression, and Volatility Analysis techniques.
- Compared growth trends of Apple vs. Tesla, Microsoft, Amazon, and Google using multiple models and moving averages.

Kotak Mahindra Bank Robotic Process Automation (RPA) Project — *Jan 2026 to April 2026*

- Proposed real-time automation solutions improving front and back-end efficiency by 20-30%.

EDUCATION

MBA in Strategic Financial Management, in collaboration with Ernst & Young (EY) — *85.2% (sam1)*
B. Tech in Computer Science with a Specialization in Business Analytics & Optimization — 67%

CERTIFICATIONS & FINANCIAL TRAINING

- Mckensy Forward Program — *April 2026 to Jun 2026*
  Adaptability & Resilience, Problem Solving, Communicating for Impact, Relationships & Well-Being, Digital and AI Essentials.
- Indian School of Business (ISB) – Guide to Investing — Oct, 2025
  Portfolio management concepts: Utility Theory, EAR, Annuities, equity markets, inflation analysis.
- SEBI Investor Certification (2-Year License) — Nov, 2025
